Ec T20 Vip Recovery Policy Excerpt

Policy excerpt with exact VIP service-recovery and duplicate-compensation guidance needed to determine whether any additional goodwill is allowed after a refunded shipping charge.

Document Details

General

policy:VIP_service_recovery applies to VIP customers affected by service failures including missed special-occasion delivery

policy_duplicate_compensation prohibits stacking overlapping concessions for the same failure when shipping has already been refunded unless a separate policy basis exists

policy_goodwill_credit_cap allows a single additional goodwill store credit up to 10 USD for VIP missed-occasion delivery after shipping refund when no prior goodwill credit was issued

policy_destination requires any allowed goodwill to be issued as store credit rather than refund-to-card when used as discretionary apology credit

policy_requires_verification mandates authenticated identity and loyalty-tier confirmation before granting VIP discretionary goodwill

Additional Information

Render a clean internal policy PDF excerpt with the title 'VIP Service Recovery & Duplicate Compensation Guidance'. Include section headings and exact-style bullet guidance. Section 4.2 'Missed Special-Occasion Delivery (VIP)': state that if a VIP customer's time-sensitive gift misses a birthday or similar occasion, agents may consider a one-time discretionary goodwill store credit up to $10 after reviewing case history. Section 4.3 'Duplicate Compensation Prevention': state that agents must not stack overlapping compensation for the same failure; if shipping has already been refunded, do not add further shipping reimbursement or additional apology credits beyond the permitted discretionary cap, and only if no prior goodwill credit has already been issued. Section 4.4 'Destination of Funds': discretionary goodwill under this policy must be issued as STORE CREDIT, not back to original payment method. Section 2.1 'Verification Prerequisite': customer identity and loyalty tier must be authenticated before VIP recovery benefits are applied. Use formal enterprise policy formatting with revision footer and article code.
