ENTITY:VENDOR_BID:METRO_MOVERS notes 'network equipment touch limited to escorted rack-side handoff only; client IT disconnect/reconnect required'.

## Additional Information

Render a professional vendor quote PDF on commercial letterhead titled 'Metro Movers Commercial - Proposal for Redwood Atlas Consulting Wave 5'. Include vendor logo text, address block, quote number MMC-8841, client name Redwood Atlas Consulting, and a clear status banner reading 'ACTIVE - valid through 2026-06-30'. Include a table with service lines and realistic currency amounts (exact amounts can be arbitrary but internally consistent): after-hours move labor for 4 movers with 4-hour minimum, workstation pack/unpack for 4 seats, rolling crate rental for 12 units as optional, and escort handling for executive corridor access as optional. Add a terms section stating: 'Network equipment touch limited to escorted rack-side handoff only; client IT disconnect/reconnect required.' Make the pricing table and validity text easy to read so the procurement agent must use this PDF to compare options with budget lines.
