Temp Space Layout

Temporary swing-space layout identifying approved relocation seats for the impacted staff after evidence capture.

Document Details

General

SWING-FLR-07 is the approved temporary relocation area for this incident.

Seat SW7-14 is assigned in the layout to Mina Park.

Seat SW7-15 is assigned in the layout to Leo Grant.

The layout includes a note that seating execution occurs only after insurer evidence capture and SOP confirmation.

The layout avoids device-specific details, supporting summary redaction requirements.

Additional Information

Render a clean one-page office floorplan PDF titled 'Temporary Space Layout – Swing Floor 07'. Show a simple seating map with labeled seats and a legend. Include two highlighted seats with a relocation table: 'Mina Park -> SW7-14' and 'Leo Grant -> SW7-15'. Add an approval note box reading: 'Temporary seating execution begins only after insurer evidence capture is complete and emberwave_emergency_facilities_sop has been reviewed.' Include generic workspace areas like collaboration zone, printer alcove, and reception, but do not include serial numbers or unnecessary personal details. Make text crisp and machine-readable.
