Fact: Approved claim scope: exposed home address, threatening retaliation, and request for emergency privacy removal.

Entity Id: person.noor_kade

Fact: Disallowed overclaims: do not assert stalking, swatting, or physical assault without further evidence.

Additional Information

Render a professional one-page PDF titled 'Engagement Profile — Noor Kade'. Include sections: Public-facing identity, Internal identity handling, Risk summary, Approved claim scope, and Communication constraints. Populate with precise facts: Public-facing identity = Noor Kade; Internal/legal name = Noor A. Kadeh (internal only, do not include in external drafts unless required by platform identity verification); Risk summary = exposed home address and retaliation after neighborhood-activism speech; Communication constraints = never restate the exposed address in outreach or moderator posts, minimize identity markers, attach evidence instead; Approved claim scope = public posting of home address and threatening email; Disallowed overclaims = do not characterize as stalking, swatting, or coordinated violence without additional evidence. Format as a clean internal profile document with a footer including fixture code 'EP-NK-04'.
