Additional Information

a realistic 2-page structured travel comparison PDF using ReportLab

a trip summary box, then a main comparison table with multiple replacement bundle options shown in columns or stacked sections

a provider notes section beneath the table summarizing practical arrival details and any concerns about late arrival, self check-in, host/front-desk contact, and baggage timing

On page 2, include a short analyst notes section and a compact legend explaining freshness and access labels

Use realistic typography, light table gridlines, footer page numbers, and a generated-on timestamp
