Additional Information

a realistic 1-page ecommerce packing slip PDF in a clean warehouse/fulfillment style

a header block with merchant information on the left and order identifiers on the right

the order number and customer ID prominently

a compact line-item table with columns such as SKU, item description, quantity, and condition/notes

Use black text on white background, simple rules/dividers, barcode-style visual elements near the order or tracking area, and realistic spacing consistent with a printed packing slip inserted into a shipped box
