Additional Information

a realistic 3-page employment agreement and exit-certification PDF in a formal corporate legal style using standard US business document formatting

Put a small matter/reference line in the header containing the entity ID LC-008

Page 1 show the company name, a centered document title, introductory paragraph identifying employer and employee, and numbered sections with dense legal prose

sections for definitions of confidential information, nondisclosure obligations, permitted use limits, invention assignment, work-made-for-hire language, return of property, remedies, and governing law

Page 2 continue the numbered clauses and include an acknowledgments section and signature block styling typical of HR onboarding paperwork

Page 3 be an exit certification addendum or final certification page with a bold subsection heading, short attestations in paragraph and checkbox-style list form, and signature/date lines

Use realistic typography, paragraph spacing, footer page numbers, and subtle document metadata styling consistent with a signed employment agreement scan/export

Do not mention benchmark instructions or synthetic generation
