Core text say employee is removed from the posted schedule effective 2025-02-12 pending attendance review based on alleged no-call/no-show dates 2025-02-08 and 2025-02-09

a sentence that 'leave was not approved as of 2025-02-07' to create factual tension with the leave certification

Mention prior verbal counseling on 2025-01-21 for lateness but no final warning

Mark employee acknowledgment unsigned and note 'employee unavailable
